Steps to become an H2P Health Professions Pathway Student
at
Anoka-Ramsey Community College

1. Students are identified by their application to Anoka-Ramsey Community College Student if they selected a Health Care Degree or Certificate. Once self-identified, they will receive a H2P Information flyer in their college acceptance letter.
    a. If they can answer yes to the checklist - the students will call Retention Coach to schedule for Health Professions Pathways (H2P) Information Session.
    b. If after Retention Coach's phone screening – students are scheduled to attend a Health Professions Pathways (H2P) Information Session
2. Attending the Health Professions Pathways (H2P) Session provided by ARCC's H2P staff, ABE Staff, and Anoka County Job Training Center
    a. Provide an Overview of the H2P Program
        i. Eligibility – Health Care Training
        ii. Goals & Expectations
        iii. Health Care Industry and Pathways
        iv. Resources available
        v. Next Step
    b. Complete Paperwork and collect documents to determine eligibility
        i. H2P Application
    c. Complete Interest Assessment provided by Anoka County Job Training Center
    d. Accuplacer Test (if not previously completed)

3. A letter will be mailed to students notifying them if they are eligible for the H2P Program. It will provide available resources based on the application to help them be successful at ARCC.

<u>During this time students will continue with normal enrollment activities included below:</u>

a. Complete ARCC Online Orientation

- This is required of ALL students enrolling for eight or more credits.
- View at AnokaRamsey.edu/en/students/Orientation.aspx or visit campus to use technology resources to complete online orientation.

b. Complete the ARCC Placement Test

- Keep your Placement Test results (used for registration for program courses)
- If applicable, register for developmental education classes offered through ARCC

c. Request Transcripts, if applicable

- Anoka-Ramsey will require official transcripts if you are planning to pursue a degree, certificate or complete the Minnesota Transfer Curriculum (MnTC).

NOTE: Incoming transfer students with more than 12 college-level credits should schedule an appointment by calling ARCC advising at 763-433-1100.

d. Register for desired program specific courses

- Refer to placement test results to register for appropriate courses
- If applicable, register for developmental education classes

e. Tuition

- AnokaRamsey.edu/en/student/AgreeDisagree.aspx

f. Buy Books

- AnokaRamsey.edu/en/books.aspx

- H2P Referrals come from Incumbent worker employers, WorkForce Center, ABE, or off the street
- Everyone applies to the College
- Only if they have marked a Health Care field will they receive notification of H2P Orientation but the rest of the admission steps are laid out: take Accuplacer, online college orientation, financial aid, register, pay tuition, books….
- When students take the Accuplacer, if their Accuplacer cut scores do not meet their H2P program requirements – they go to ABE for additional services
- If they are interested in a program that does not require a higher cut score fine, but if they are considering to stack credentials in the future, it is recommended to attend ABE to improve their score(s) to get into a program that requires a higher cut score.
