

Leadership in Business

Certificate Program 2010-2011

Program Requirements..... 15
TOTAL CREDITS..... 15

PROGRAM INFORMATION:

This one-year certificate program is designed for students interested in focusing on career-specific skills in a short-term, concentrated format. The Leadership in Business Certificate provides real-world experience that will prepare students to participate in problem-solving, team-building, and professional accountability project management and organizational leadership at the entry-level. To complete the certificate program, students will prepare a summary project using skills and information gained during the course to solve an actual business challenge. Some students may need preparatory courses in the area of English, mathematics, or computer competency. For additional information about our business programs, visit our Web site at www.AnokaRamsey.edu.

PROGRAM GOALS:

By completing this program, students will achieve the following learning goals:

1) use critical thinking skills to analyze and solve business problems in a Lean environment; 2) analyze the effectiveness of innovative leadership and develop strategies for organizational improvement; 3) demonstrate an understanding of organizational operations in a lean business environment; 6) develop an understanding of the process of establishing and implementing business goals.

APPLICATION:

To receive this certificate, submit a Certificate Application to the Records and Registration Office. Applications are available in Counseling and Advising Services, or the Records and Registration Offices on either campus.
