

Biomedical Technician

One-Year Certificate Program

2008-2009

Program Core Requirements	15
Additional Career Requirements	6
General Education	<u>9-10</u>
Total Credits	30-31

Program Information: This one-year certificate program prepares students for entry-level positions in the biomedical device and products industry. Graduates will work in manufacturing, product development and testing. Many of the courses transfer to four-year institutions. Classes include specific biomedical coursework, as well as writing, statistics, and a field experience with a biomedical company. For additional information about our biomedical programs, visit our Web site at <http://www.AnokaRamsey.edu>.

Program Goals: By completing this certificate, students will achieve the following learning goals: 1) demonstrate an understanding of trends, size, and scope of the medical device industry; 2) demonstrate proficiency in oral and written communication, interpersonal skills, and critical thinking/problem solving; 3) demonstrate an understanding of the processes involved in the design, development and manufacture of medical devices; 4) demonstrate knowledge of various regulations and agencies involved in regulatory processes specific to the medical device industry; 5) demonstrate application of classroom knowledge to industry field experience.

Program Admission: To apply for admission to one of the Biomedical (BMED) Programs, submit the Application for Biomedical Programs to the Records and Registration Office. Applications are available in Counseling and Advising Services or the Records and Registration Offices on either campus. All BMED Program Core courses are offered at the Coon Rapids Campus. BMED Program Core courses are also offered at Inver Hills and Normandale Community Colleges.

General Information: College-level competence in English, writing, and mathematics; and computer competency should be acquired before entering the BMED programs.

Developmental Courses: Some students may need preparatory courses in the areas of English or mathematics. Courses numbered below 1000 will not apply toward this certificate program.
